

LeSePiDaDo s.r.l - Via Liguria, 8 – 40024 Osteria Grande – Castel San Pietro Terme (BO)

DICHIARA DECLARES

che la formula utilizzata nella Lesepidina è conforme ai requisiti richiesti nel “Protocollo condiviso di regolamentazione delle misure per il contrasto e il contenimento della diffusione del virus Covid-19 negli ambienti di lavoro” dello Stato Italiano e recepito dalle Aziende Sanitarie Regionali.

La stessa formula è confermata dall’OMS (Organizzazione Mondiale della Sanità nella “Guide to Local Production: WHO-recommended Handrub Formulations”

that the formula used in Lesepidina brand is conform to requirements of "Shared protocol regulating measures to combat and contain the spread of the Covid-19 virus in the workplace" by Italian Government and implemented by the Regional Health Authorities.

The same formula is confirmed by WHO (World Health Organization in "Guide to Local Production: WHO-recommended Handrub Formulations”

WHO recommends alcohol-based handrubs based on the following factors:

1. Evidence-based, intrinsic advantages of fast-acting and broad-spectrum microbicidal activity with a minimal risk of generating resistance to antimicrobial agents;
2. Suitability for use in resource-limited or remote areas with lack of accessibility to sinks or other facilities for hand hygiene (including clean water, towels, etc.);
3. Capacity to promote improved compliance with hand hygiene by making the process faster, more convenient and immediately accessible at the point of patient care;
